analyzes italian politics argues that crises that threaten to destroy the government actually make democracy there stronger and discusses the italian political parties

this edited volume provides a comprehensive analysis of european approaches to united nations peacekeeping by assessing past practice present obstacles and future potentials related to nine core european countries contributions to blue helmet operations by providing in depth case studies on denmark france germany ireland italy norway sweden the netherlands and the united kingdom this book offers an evaluation of european approaches as well as a wide range of facilitating and constraining factors related to the above mentioned countries future involvement in un peacekeeping the book places particular emphasis on the recent involvement of european countries in the un operation in mali minusma and explores to what extent this experience might lead to further marked increases of european supplies of troops and capabilities and thus a broader european return to un peacekeeping each chapter offers an up to date case study on key countries policies challenges and opportunities for a stronger re engagement in un peacekeeping it provides a comprehensive analysis of the main challenges and concrete ways ahead for overcoming institutional political financial and military obstacles both at european capitals and within the un system on the path towards a stronger re engagement of european troop contributing countries in the field of un peacekeeping furthermore each chapter includes a set of policy relevant recommendations for future ways ahead the chapters in this book were originally published in international peacekeeping

italian architecture has long exerted a special influence on the evolution of architectural ideas elsewhere from the beaux arts academy's veneration of rome to modernist and postmodern interest in renaissance proportion baroque space and mannerist ambiguity this book critically examines this enduring phenomenon exploring the privileged position of italian architects architecture and cities in the architectural culture of the past century questioning the deep rooted myth of italy within architectural history the book presents case studies of italy's powerful yet problematic position in 20th century architectural ideologies at a time when established eurocentric narratives are rightly being challenged it reconciles the privileged position of italian architecture and design with the imperative to write history across a more global diverse heterogeneous cultural geography twenty chapters from distinguished international scholars cover subjects and architects ranging from alberti to gio ponti aldo rossi manfredo tafuri vittorio gregotti cities from rome and venice to milan and an array of international architects movements and architectural ideas influenced by italy the chapters each question where how and why the disciplinary edifice of 20th century architecture its canon of built visual textual and conceptual works relied on italian foundations examining where and how those foundations have become insecure indispensable for students and scholars of both italian and global architectural history italian imprints on twentieth century architecture provides an opportunity to consider the architectural and urban landscape of italy from substantially new points of view

pathways to professionalism in early childhood education and care is concerned with a growing interest from policy and research in the professionalisation of the early childhood workforce illustrated by in depth case studies of innovative and sustainable pathways to professionalisation it recognises the importance of a systemic approach to professionalisation across all levels of the early childhood the authors of this wide ranging book share insights of professionalism from various european countries and suggest that professionalism in early childhood unfolds best in a

competent system this book considers a broad range of international issues including continuous professional support and quality early childhood education and care staff with different qualifications in professional development processes how personal attitudes and competence of educators are related to the wider system of competent teams leadership collaboration across services and competent governance from research to policy the case of early childhood and care pathways to professionalism in early childhood education and care is a crucial and fascinating read for professionals working in the sector and contributes to broadening views on what professionalism in early childhood can mean within a competent system

the first book length biography of the luftwaffe s top field commander wolfram von richthofen a master of the tactical and operational air war one of the key catalysts in the resurrection of the german air force and an ardent and unwavering follower of the fuhrer

as voice teachers we should strive to help our students uncover their individual sound and to facilitate technical consistency further we as teachers should ultimately guide students to positive independent and emotionally engaged performances on stage or in recordings some teaching approaches may guide students to these experiences others may not a successful outcome of vocal study occurs when the student no longer needs their teacher they are independent and autonomous singers and musicians and are able to teach themselves or perhaps others this study views the student teacher relationship in the voice student through an existentialist lens influenced by the sartrean principles of responsibility and freedom the study examines some commonly used teaching approaches viewing them from an historical perspective through the national schools in vocal instruction to more current approaches that may be commonly found in higher education teaching studios this study offers a perspective that hopes to foster discussion a re examination of and self reflection in the teaching practices of higher education vocal instruction the research is grounded in

hermeneutic phenomenology this paradigm was a means by which to unearth and uncover the lived experience of students undergoing vocal study one that was guided by a framework of instruction influenced by the sartrean notions of responsibility and freedom

italy s foreign policy has often been dismissed as too idiosyncratic inconsistent and lacking ambition this book offers new insights into the position italy has attained in the international community in the 21st century it explores how the country has sought to take advantage of its passage from a bipolar to a multipolar system and assesses the ways in which it has engaged internationally its new responsibilities and the manner in which it conducts its policies in the pursuit of its interests whether political or commercial it argues that although italy is engaged internationally there is a gap between its actions and what it actually delivers and as long as this gap continues italy is likely to remain a partial and unreliable foreign policy actor divided into three parts this book explores the context and processes which characterise italy s external action its relations with crucial countries and regions such as the us the eu and the brics its security and defence policies this book will be of interest to students and scholars of european politics foreign policy analysis and italian studies

this is a thorough going study of monteverdi s vespers the single most significant and most widely known musical print from before the time of j s bach the author examines monteverdi s vespers from multiple perspectives combining his own research with all that is known and thought of the vespers by other scholars the historical origin as well as the musical and liturgical context of the vespers are surveyed similarly the controversial historiography of the vespers in the nineteenth and twentieth centuries is scrutinized and evaluated a series of analytical chapters attempt to clarify monteverdi s compositional process and the relationship between music and text in the light of recent research on modal and tonal aspects of early seventeenth century music the final section is

devoted to thirteen chapters investigating performance practice issues of the early seventeenth century and their application to the vespers including general and specific recommendations for performance where appropriate the book concludes with a series of informational appendices including the psalm cursus for vespers of all major feasts in the liturgical calendar texts and structural outlines for the vespers compositions based on a cantus firmus an analytical discography and bibliographies of seventeenth century musical and theoretical sources

new approaches to teaching italian language and culture fills a major gap in existing scholarship and textbooks devoted to the teaching of italian language and culture a much needed project in italianistica this collection of essays offers case studies that provide a coherent and organized overview of contemporary italian pedagogy incorporating the expertise of scholars in the field of language methodology and language acquisition from italy and four major countries where the study of italian has a long tradition australia canada great britain and the united states the twenty four essays divided into six main parts offer a tremendous variety of up to date approaches to the teaching of italian as a foreign language and 12 ranging from theoretical to more practical hands on strategies with essays on curricular innovations technology study abroad programs culture film and song use as effective pedagogical tools each case study introduces a systematic approach with an overview of theory activities and assessment suggestions collection of research data and syllabi the book addresses the needs of instructors and teacher trainers putting in perspective different examples that can be used for more effective teaching techniques according to the actfl guidelines and the common european framework of reference for languages
