red star over malaya is an account of the inter racial relations between malays and chinese during the final stages of the japanese occupation in 1947 none of the three major race of malaya malays chinese and indians regarded themselves as pan ethnic malayans with common duties and problems with the occupation forcibly cut them off from china chinese residents began to look inwards towards malaya and stake political claims leading inevitably to a political contest with the malays as the country advanced towards nationhood and self government there was tension between traditional loyalties to the malay rulers and the states or to ancestral homelands elsewhere and the need to cultivate an enduring loyalty to malaya on the part of those who would make their home there in future as japanese forces withdrew from the countryside the chinese guerrillas of the communist led resistance movement the malayan people s anti japanese army mpaja emerged from the jungle and took control of some 70 per cent of the country s smaller towns and villages seriously alarming the malay population when the

british military administration sought to regain control of these liberated areas the ensuing conflict set the tone for future political conflicts and marked a crucial stage in the history of malaya based on extensive archival research red star over malaya provides a riveting account of the way the japanese occupation reshaped colonial malaya and of the tension filled months that followed japan s surrender this book is fundamental to an understanding of social and political developments in malaysia during the second half of the 20th century

the teaching of psychology is centered around the masterful work of two champions of the teaching of psychology wilbert j mckeachie and charles l brewer in order to recognize their seminal contributions to the teaching of the discipline the book s main goal is to provide comprehensive coverage and analysis of the basic philosophies current issues and the basic skills related to effective teaching in psychology it transcends the typical nuts and bolts type books and includes such topics as teaching at small colleges versus a major university teaching and course portfolios the scholarship of teaching what to expect early in a teaching career and lifelong learning the teaching of psychology also features biographies of bill mckeachie and charles l brewer fourteen chapters written by leading authorities in the teaching of psychology which provide overviews of the latest psychological research and theories in effective college and university teaching these chapters cover lecturing classroom presence using humor in teaching pedagogy advising teaching critical thinking writing and technology and training graduate students to teach useful advice to new teachers and seasoned veterans including qualities of master teachers understanding the many facets of working within the academy and teaching with technology insights into teaching specific courses within the psychology curriculum including the history of psychology biological psychology statistics and research methods learning social psychology personality psychology of women cross cultural psychology industrial organizational psychology psychology of religion and environmental psychology a closing section containing bill mckeachie s and charles l brewer s perspectives into the teaching of psychology and its history highlights and future this book is intended for academic psychologists who teach and or train graduate assistants to teach at the college and university level all royalties from this book will be donated to the society for the teaching of psychology division 2 of the american psychological association which each year sponsors many activities across the country to promote the teaching of psychology

this book is the first on the craft of effective writing structured expressly for the psychologist assessor author j b allyn a professional writer who specializes in psychology combines reference book with tutorial she blends information on the qualities that create a writer s unique presence on the page with illustrations of correct english grammar all of the questions answers and illustrations evolved from the concerns of psychologist assessors as did the examples which are grounded in their writing and communication needs the result creates a guide for report writing that can be used by either practicing professionals or graduate psychology students the book divides into three sections the first and third sections discuss various aspects of effective communication while the second is a handbook of common grammar problems helpful elements guide the reader through the text including frequent bullet lists tables and graphs and grammar and style examples that are framed around assessment reports it is also written in a conversational tone which creates the same style it proposes for effectively written reports and is a key tool for clear and appropriate communication readers will refer back to this book both for quick tips on style and grammar which are appropriate for any mental health practitioner and for more detailed advice on writing and communication in assessment reports
