international criminal law provides a comprehensive overview of an increasingly integral part of public international law it complements the usual accounts of the substantive law of those international crimes tried to date before international criminal courts and of the institutional law of those courts with in depth analyses of fundamental formal juridical concepts such as an international crime and an international criminal court with detailed examinations of the many international crimes provided for by way of multilateral treaty and of the attendant obligations and rights of states parties and with sustained attention to the implementation of international criminal law at the national level direct concise and precise international criminal law should prove a valuable resource for scholars and practitioners of the

discipline of international criminal law

volume 1 deals with international crimes it contains several significant contributions on the theoretical and doctrinal aspects of icl which precede the five chapters addressing some of the major categories of international crimes the first two chapters address the sources and subjects of icl and its substantive contents the other five chapters address chapter 3 the crime against peace and aggression the crime against peace and aggression from its origins to the icc the crime of aggression and the international criminal court chapter 4 war crimes crimes against humanity genocide introduction to international humanitarian law penal aspects of international humanitarian law non international armed conflict and guerilla warfare mercenarism and contracted military services customary international law and weapons control genocide crimes against humanity overlaps gaps and ambiguities in contemporary international humanitarian law genocide and crimes against humanity chapter 5 crimes against fundamental human rights slavery slave related practices and trafficking in persons apartheid international prohibition of torture the practice of torture in the united states september 11 2001 to present chapter 6 crimes of terror violence international terrorism kidnapping and hostage taking terrorism financing piracy international maritime navigation and installations on the high seas international civil aviation chapter 7 crimes against social interest international control of drugs challenges in the development of international criminal law the negotiations of the united nations convention against transnational organized crime and the united nations convention against corruption transnational organized crime corruption of foreign public officials international criminal protection of cultural property criminalization of environmental protection

principles of international criminal law is one of the most influential textbooks in the field of international criminal justice this fourth edition builds on the highly successful work of the previous editions setting out the general principles governing international crimes as well as the fundamentals of both substantive and procedural international criminal law it provides a detailed understanding of the sources and evolution of international criminal law demonstrating how it has developed and how its application has changed the book assesses in detail the four key international crimes as defined by the statute of the international criminal court genocide crimes against humanity war crimes and the crime of aggression the new edition revises and updates the work with developments in international criminal justice since 2014 it includes substantial new material on critical perspectives on international criminal justice the fragmentation of international criminal law new war crimes of prohibited means of warfare and the prosecution of crimes committed in syria and northern iraq the book retains its highly acclaimed systematic approach and consistent methodology making it essential reading for both students and scholars of international criminal law as well as practitioners and judges working in the field

two events occurred in 1998 that had far reaching consequences for international justice the adoption of the statute for the international criminal court by the diplomatic conference of plenipotentiaries in rome the rome statute and the arrest in london of former president pinochet for crimes against humanity these events are for many the culmination of attempts to seek legal redress against those who commit international crimes this stimulating ground breaking book debates the issues raised by international

crimes it highlights the two competing international law needs that must be addressed in this situation the pursuit of international justice which international criminal law purports to uphold and the maintenance of international peace and security an important rationale for the immunities of state officials abroad

principles of international criminal law has become one of the most influential textbooks in the field of international criminal justice it offers a systematic and comprehensive analysis of the foundations and general principles of substantive international criminal law including thorough discussion of its core crimes it provides a detailed understanding of the general principles sources and evolution of international criminal law demonstrating how it has developed and how its application has changed after establishing the general principles the book assesses the four key international crimes as defined by the statute of the international criminal court genocide crimes against humanity war crimes and the crime of aggression this new edition revises and updates work with developments in international criminal justice since 2009 it includes new material on the principle of culpability as one of the fundamental principles of international criminal law the notion of terrorism as a crime under international law the concept of direct participation in hostilities the problem of so called unlawful combatants and the issue of targeted killings the book retains its highly acclaimed systematic approach and consistent methodology making the book essential reading for both students and scholars of international criminal law as well as for practitioners and judges working in the field

state sovereignty is often referred to as an obstacle to criminal justice for core international crimes by members of the international criminal justice movement the exercise of state sovereignty is seen as a shield against effective implementation of such crimes but it is sovereign states that create and become parties to international criminal law treaties and jurisdictions they are the principal enforcers of criminal responsibility for international crimes as reaffirmed by the complementarity principle on which the international criminal court icc is based criminal justice for atrocities depends entirely on the ability of states to act this volume revisits the relationship between state sovereignty and international criminal law along three main lines of inquiry first it considers the immunity of state officials from the exercise of foreign or international criminal jurisdiction secondly with the closing down of the ad hoc international criminal tribunals attention shifts to the exercise of national jurisdiction over core international crimes making the scope of universal jurisdiction more relevant to perceptions of state sovereignty thirdly could the amendments to the icc statute on the crime of aggression exacerbate tensions between the interests of state sovereignty and accountability the book contains contributions by prominent international lawyers including professor christian tomuschat judge erkki kourula judge liu daqun ambassador wang houli dr zhou lulu professor claus kre professor ma chengyuan professor jia bingbing professor zhu lijia and mr guo yang

drawing on the critical legal tradition the collection of international scholars gathered in this volume analyse the complicities and limitations of international criminal law this area of law has recently experienced a significant surge in scholarship and public debate individual criminal accountability is now firmly entrenched in both international law and the international consciousness as a necessary mechanism of responsibility

critical approaches to international criminal law an introduction shifts the debate towards that which has so far been missing from the mainstream discussion the possible injustices exclusions and biases of international criminal law this collection of essays is the first dedicated to the topic of critical approaches to international criminal law it will be a valuable resource for scholars and students of international criminal law international law international legal theory criminal law and criminology

the decisions presented in the book are helpfully accompanied by short introductions setting out the circumstances of each case and brief commentaries on the importance of the decision and principles illustrated book jacket

this book offers a historical presentation of how international criminal law has evolved from a national setting to embodying a truly international outlook as a growing part of international law this is an area that has attracted growing attention as a result of the mass atrocities and heinous crimes committed in different parts of the world Çakmak pays particular attention to how the first permanent international criminal court was created and goes on to show how solutions developed to address international crimes have remained inadequate and failed to restore justice calling for a truly global approach as the only real solution to dealing with the most severe international crimes this text will be of great interest to scholars of criminal justice political science and international relations

the third edition of international criminal law expounds the general principles governing international crimes as well as the fundamentals of both substantive and procedural international criminal law bringing the political and human contexts to the fore

international criminal law is an essential guide to the relatively recent but rapidly growing field of international criminal justice written by leading practitioner academics directly involved with the international criminal tribunals this book provides students with an invaluable insight into the key features of international criminal law and practice zahar and sluiter offer an analysis of the tribunals place in the international legal order and the most important aspects of their substantive law and procedure from an entirely new and critical perspective legal doctrines are discussed throughout in relation to their application in real life situations encouraging students to engage critically with the subject and relate theory to practice an ideal companion for students of international criminal law and justice who are seeking an insider's perspective on the subject this book also offers practitioners academics and policy makers a clear and challenging account of the new legal landscape

international criminal law has become a mainstream subject while it was hardly taught at law faculties at the time of the first edition of this book 1996 it is now highly featured in academic curricula practitioners academics and political decision makers are increasingly confronted with this discipline within the framework of the united nations and the european union but also in other regional bodies there has been a dramatic increase in the conventions on various aspects of international criminal law in fact much of the day to day work of lawyers around the globe is about the subject international criminal law is gradually supple menting human rights as the standard to assess governments and individuals in the process it has become part of the

vocabulary of the general public many recent crisis situations have contributed to this phenomenon from 11 9 and the wars in afghanistan and iraq to the arab spring and sc resolution 1973 2011 giving effect to r2p in libya international criminal courts which until some time ago were still somewhat exotic are now part of the mainstream international judicial establishment the un ad hoc tribunals together with the mixed tribunals and special courts have substantially contributed to the development of international criminal jurisprudence meanwhile the international criminal court is in full operation delivering its first landmark decisions and dealing with an increasing number of situations and cases in the european union the lisbon treaty is representing an important step towards the growing integration in the field of criminal law and procedure a comparable trend is incipient in many other regions and organisations this collection is meant to guide students and practitioners through the labyrinth of international criminal law instruments it comprises international universal and european conventions while also including other regional instruments au oau asean the commonwealth oas and saarc

this book examines the rapid development of the fundamental concept of a crime in international criminal law from a comparative law perspective in this context particular thought has been given to the catalyzing impact of the criminal law theory that has developed in major world legal systems upon the crystallization of the substantive part of international criminal law this study offers a critical overview of international and domestic jurisprudence with regard to the construal of the concept of a crime actus reus mens rea defences modes of liability and exposes roots of confusion in international criminal law through a comprehensive comparative analysis of substantive criminal laws in selected legal jurisdictions

this market leading textbook gives an authoritative account of international criminal law and the investigation and prosecution of crime and guides the reader through controversies with an accessible and sophisticated approach now covers developments in the icc victims rights alternatives to international criminal justice and has extended coverage of terrorism

international criminal law has developed considerably in the last decade and a half resulting in a complex and re invigorated discipline this has impacted directly on the popularity of the study of the subject particularly on postgraduate law degrees this textbook serves these courses by providing an introduction to the principles of international criminal law and processes written by four international lawyers with experience of teaching international criminal law it is accessible yet sophisticated in its approach it covers substantive international criminal law the institutions designed to enforce it and their procedures and the international law applicable to domestic prosecutions of international crimes it will be essential reading for students and teachers of international criminal law in addition practitioners and researchers in the field and in related fields such as criminal law students of international law and international relations will find this introduction invaluable

this volume deals with the tension between unity and diversification which has gained a central place in the debate under the label of fragmentation it explores the meaning articulation and risks of this phenomenon in a specific area international criminal justice it brings together established and fresh

voices who analyse different sites and contestations of this concept as well as its context and specific manifestations in the interpretation and application of international criminal law the volume thereby connects discourse on fragmentation with broader inquiry on the merits and discontents of legal pluralism in public international law

this volume presents an overview of the principal features of the legacy of international tribunals and an assessment of their impact on the international criminal court and on the review of the rome statute it illustrates the foundation of a system of international criminal law and justice by using case studies to provide advice for possible future developments in international criminal procedure and law

providing an introduction to and detailed examination of substantive enforcement and procedural aspects of international criminal law this book s examination of international and transnational crimes under treaty and customary law has been fully updated and revised exploring the enforcement of international criminal law through an investigation of the practice of the security council based tribunals for yugoslavia and rwanda the international criminal court and other hybrid tribunals such as those for cambodia sierra leone lockerbie and truth commissions the authors look at terrorism offences against the person piracy and jurisdiction and immunities amongst a variety of other topics new to this edition are four additional chapters on various forms of liability and participation in international crime war crimes crimes against humanity genocide and illegal rendition this is an ideal text for undergraduate and postgraduate students of law or international relations practitioners and those interested in gaining an insight into international criminal law

international criminal law in context provides a critical and contextual introduction to the fundamentals of international criminal law it goes beyond a doctrinal analysis focused on the practice of international tribunals to draw on a variety of perspectives capturing the complex processes of internationalisation that criminal law has experienced over the past few decades the book considers international criminal law in context and seeks to account for the political and cultural factors that have influenced and that continue to influence this still emerging body of law considering the substance procedures objectives justifications and impacts of international criminal law it addresses such topics as the history of international criminal law the subjects of international criminal law transitional justice and international criminal justice genocide crimes against humanity war crimes and the crime of aggression sexual and gender based crimes international and hybrid criminal tribunals sentencing under international criminal law and the role of victims in international criminal procedure the book will appeal to those who want to study international criminal law in a critical and contextualised way presenting original research it will also be of interest to scholars and practitioners already familiar with the main legal and policy issues relating to this body of law
