en los sesenta nació el departamento de sociología de la universidad nacional comenzó con una prolífica participación en las políticas públicas pero también sufrió conflictos en medio de la agitada coyuntura política de esos años un emotivo y riguroso relato sobre el origen de la sociología en colombia

la pandemia del covid 19 es una de las grandes encrucijadas críticas de nuestro tiempo desde las ciencias sociales se están haciendo numerosos esfuerzos para entender lo que está ocurriendo y vislumbrar lo que el futuro depara la sociología como disciplina interesada por estudiar la vida de la gente en sociedad aporta una aproximación única e ineludible para entender los impactos sociales de la pandemia y sus consecuencias sobre la sociedad pos covid este libro recoge una serie de aportaciones destacadas que pretenden representar esa manera singular de aproximarse al conocimiento del mundo que es común a los profesionales de la sociología y que más allá de adscripciones a escuelas teóricas o metodológicas consiste en analizar la sociedad y sus mecanismos sociales como una realidad compleja e interconectada nunca antes como ahora resultó tan palpable la necesidad de articular un pensamiento crítico y científicamente fundado para guiar las decisiones de política más allá de la inmediatez y la dimensión epidemiológica de la pandemia
