western political thought 2e is an attempt to include in its reach the political ideas of some of the more recent thinkers these thinkers certainly draw on the classics of western political thought like the writings of marx rousseau locke and aristotle however they also extend our understanding of the political thought in several ways the latest edition gives a comprehensive account of the thread of political thought that stretches from the ancient greeks to modern times analysing political philosophies chronologically this book offers valuable insights into the political structures of societies across the ages and presents a wide perspective on the various social and political ideologies

history of political thought covers detailed study of socialism and democratic socialism with all its forms such as fabian socialism and symbilcalism communism based on marxist thinking has been re interpereted moulded and amended by lenin and stalin in russia and by mao tse tung in china ideas of these thinkers have been presented in this book in a very simple and lucid language impact of anarchism fascism and pluralism in russia italy and germany and britain including its colonial empire has been very well explained opinions of modern thinkers like harold laski g d h cole and bertrand russell about new political traditions in the west have also been given in brief after independence due to great impact of indian political thought all over the world including indian polity and its people ideas of mahatma gandhi sarvodaya and of pandit jawaharlal nehru have been described in this book in a comprehensive manner the book deals with conflicting political ideas but author has made an attempt to describe these ideas with objective outlook in easiest possible manner in order to make it useful to students as well as to common reader

politics and vision is a landmark work by one of the great thinkers of the twentieth century this is a significantly expanded edition of one of the greatest works of modern political theory sheldon wolin s politics and vision inspired and instructed two generations of political theorists after its appearance in 1960 substantially expanded for republication in 2004 it is both a sweeping survey of western political thought and a powerful account of contemporary predicaments of power and democracy in lucid and compelling prose sheldon wolin offers original subtle and often surprising interpretations of political theorists from plato to rawls situating them historically while sounding their depths he critically engages their diverse accounts of politics theory power justice citizenship and institutions the new chapters which show how thinkers have grappled with the immense possibilities and dangers of modern power are themselves a major theoretical statement they culminate in wolin s remarkable argument that the united states has invented a new political form inverted totalitarianism in which economic rather than political power is dangerously dominant in this expanded edition the book that helped to define political theory in the late twentieth century should energize enlighten and provoke generations of scholars to come wolin originally wrote politics and vision to challenge the idea that political analysis should consist simply of the neutral observation of objective reality he argues that political thinkers must also rely on creative vision wolin shows that great theorists have been driven to shape politics to some vision of the good that lies outside the existing political order as he tells it the history of theory is thus in part the story of changing assumptions about the good acclaimed as a tour de force when it was first published and a major scholarly event when the expanded edition appeared politics and vision will instruct inspire and provoke for generations to come

janet coleman s two volume history of european political theorising from the ancient greeks to the renaissance is the introduction which many have been waiting for in this volume coleman discusses the acknowledged great works of greek roman and early christian writers to show how the historical contexts in which certain ideas about ethics and politics became dominant or fell from dominance help to explain the ideas themselves throughout she draws on recent scholarly commentaries written by specialists in philosophy contemporary political theory classical languages and cultures and on ancient and early christian history and theology janet coleman shows that the greeks and romans arguments can be seen as logical and coherent if we can grasp the questions they thought it important to answer

your conceptual toolkit for the study of political thoughtpraise for the first edition this seems really to have been written with the first year student in mind the editors write in a way that is clear intelligent and engaging without being at all condescending politics studies review new for this edition brand new chapter on international political thought reflecting one of the most striking developments in contemporary political theorythis textbook gives you all the vocabulary you need political conceptual and historical to engage confidently and deeply with political thought and the moral and political worlds in which we live it traces the history of political thought from plato and aristotle to kymlicka and rorty following a unique dual structure that introduces key thinkers and core concepts together making it suitable for any course structure

this book is a comprehensive introduction to the history of political thought tracing the development of arguments and controversies from ancient greece through different forms of community state and empire to today s global concerns bruce haddock highlights the bewildering variety of contexts that have framed political thinking yet also displays structural features that have proved to be remarkably stable over time an important theme in the book is the need to see political philosophy even in its most abstract formulations as a response to historically contingent circumstances without limiting its relevance to those circumstances the emphasis throughout is on political thinking as a response to hard choices major thinkers covered include plato aristotle augustine aquinas machiavelli grotius locke spinoza montesquieu hume kant rousseau burke hegel marx mill lenin schmitt nietzsche foucault oakeshott and rawls the book treats political philosophy and theory as a tentative

engagement with a fractured and controversial past yet political thinking remains the exercise of a burden of a responsibility that is inescapable for us haddock introduces a history that continues to shape our understanding of ourselves as political and historical creatures a history of political thought will be of interest to students and scholars of politics history and philosophy

the study covers different phases of the history of political thought in a detailed manner it examines skillfully the views and achievements of various political thinkers from plato to russell of 20th century the first chapter deals with ideas and accomplishments of plato in the second chapter the political thoughts of aristotle have been given in an exhaustive and elaborate way the following chapters throw light in detail on the thinking of many political thinkers like polybius cicero st aquinas dante marsiglio ockham machiavelli bodin grotius hoppes spinoza locke vico montesquieu voltaire hume rousseau kant burke paine bentham fichte hegel mill austin j s mill lenin stalin engels spencer green bradley bosanquet wallas mcdougall bagehot h j laski and other philosophers the book gives special importance to the political thoughts of karl marx gandhiji and mao it is designed to meet the requirements of the students the common readers will also find the book quite interesting and comprehensible

how are we to understand past political thinkers is it a matter simply of reading their texts again and again do we have to relate past texts of political thought to the contexts in which ideas were composed and in which the aims of past thinkers were formulated or should past political theories be deconstructed so as to uncover not what their authors maintain but what the texts reveal in this book theories of interpreting past political thinkers are examined and the interpretive methods of a range of theories are reviewed including those of hegel marx oakeshott collingwood the cambridge school foucault derrida and gadamer the application of these theories of interpretation to notable modern political theorists machiavelli hobbes locke rousseau kant hegel marx bentham mill nietzsche and beauvoir is then used as a way of understanding modern political thought and of assessing interpretive theories of past political thought the result is a book which sees the history of modern political thought as more than a procession of political theories but rather as a reflection on the meaning of past political thought and its interpretation it provides a way of reading the history of modern political thought in which the question of interpretation matters both for understanding how we interpret the past but also for considering what it means to undertake political thinking

the conflict between politics and antipolitics has replayed itself throughout western history and philosophical thought plato s quest for absolute certainty led him to denounce political democracy an anti political position later challenged by aristotle this back and forth exchange came to a head at the time of the american and french revolutions through this wide ranging narrative dick howard throws new light on a recurring philosophical dilemma proving our political problems are not as unique as we think howard begins with democracy in ancient greece and the rise and fall of republican politics in rome in the wake of rome s collapse political thought searched for a new medium and the conflict between politics and antipolitics reemerged through the contrasting theories of saint augustine and saint thomas during the renaissance and the reformation the emergence of the modern individual again shifted the terrain even so politics vs antipolitics dominated the period frustrating even machiavelli who sought to reconceptualize the nature of political thought hobbes and locke theorists of the social contract then reenacted the conflict which rousseau sought in vain to overcome adam smith and the growth of modern economic liberalism the radicalism of the french revolution and the conservative reaction of edmund burke subsequently marked the triumph of antipolitics and the american revolution may have offered the potential groundwork for a renewal of politics taken together these historical examples viewed through the prism of philosophy reveal the roots of today s political climate and suggest the trajectory of the battles yet to come

including the works of more than thirty authors this edition of early greek writings on social and

political issues includes the origin of human society and law the nature of justice and good government the distribution of power among genders and social classes

the encyclopedia of political thought is the most comprehensive and rigorous treatment of significant political thinkers political theories concepts ideas and schools of thought comprises over 900 a z entries including brief definitions biographies and major topics written by a team of 700 contributors from around the world explores key theories and theorists including non western perspectives in tracing the evolution of political thought from antiquity to the present day published in association with the foundations of political theory an organized section of the american political science association 8 volumes encyclopediaofpoliticalthought.com

political thought since 1945provides for a new generation of readers clear and accurate accounts of the views of seven major thinkers arendt dahl habermas hayek macpherson oakeshott and rawls each one is placed in a context of comment and criticism in addition an introductory chapter sets out the ideas of other thinkers so that the ambient controversy and conversation is made plain politics as philosophy as social science and as ideology are all considered the search for a valid form of enquiry is shown to be a continuing preoccupation through the period there was frequent evidence of delayed recognition and influence of political writers and so this reliable guide will provide illumination for years to come lucid and reliable this guide to recent political thought will be indispensable for the generations of students

this is the first volume of a detailed history of the traditions of natural law and political realism in western political thought it elucidates the ways in which the relation between politics and morality was understood by major thinkers from classical antiquity to the renaissance emphasis is given not only to the exegesis of texts but to the intellectual and historical contexts in which those texts must be read if they are to be properly understood the second volume continues the analysis through the twenty first century and addresses the question of whether the modern natural law rhetoric of human rights can be given a respectable philosophical basis this two volume set is a valuable resource for scholars working in the fields of history international relations philosophy and politics
